YORK PITCHES SO GEORGIANS CANNOT WIN

Seventh U. S. Team Rumps Off With Easy Session at Park, 9 to 0.

SOUTHERNERS DID NOT HAVE CHANCE
BY WALTER C. JANSON.

IF PERCHANCE, it had fallen to the lot of the Georgia team to be the big crowd of spectators at the Rio Grande park Sunday afternoon, they probably would have remarked, "he was a ball game," and then, he probably would have forgotten the whole affair. But, such little matters as the Georgia team's performance, and the fact that the Georgia team was so easily defeated, are not likely to be remembered by the Georgia team.

Outside of those little matters, the Georgia team's performance was a real test of the Georgia team's pitching. The Georgia team's pitching was a real test of the Georgia team's pitching. The Georgia team's pitching was a real test of the Georgia team's pitching.

WANTS SMALL LEAGUE TO BE FORMED ALONG RAILWAY

Alamogordo, N. Mex., March 15, 1917.

"Sporting Editor, El Paso Herald."

Dear Sir:—I would like to suggest to baseball managers along the South Western R. R. through your much read paper of a small league composed of the E. P. & S. W. shop team of El Paso, Alamogordo, Tularosa, Carrizozo, Corona, Vanhook and Tucuman. I think if the managers of the different towns would communicate with each other a small league might be formed.

Sincerely Yours,
A Baseball Fan.

FELDMAN TEAM LOSES TO CORPS

Quartermaster Team Victors in Game at Georgia Baseball Field.

In a snappy practice game at the Georgia baseball grounds Sunday afternoon the Feldman team was defeated by a club from the quartermaster's department of the United States army by a score of six to four.

The contest was well played during the entire nine innings, the superior hitting of the quartermaster team being the deciding factor.

It proved an excellent tryout for both clubs, the players injecting considerable snap and pep into the game. Several members of the quartermaster team, Woolen, Longmyre, French and Gallegos are former city league players.

Ross, pitcher for the Feldman team, was the star of the game. He pitched a complete game, allowing only four runs, two earned, and six hits.

Talking It Over YOUR VIEWS and MINE

By SHAKES JANSON

JAWN McGRAW figures the Detroit Tigers will be a good drawing card against the Giants in a barnstorming trip, so Jawn is now making plans for such a trip over the states. But some are inclined to believe McGraw thinks the Giants will slump so he'll pick on the Tigers to win back the prestige he loses.

Each man take one swing and run everything out," ordered Donavan the other day when he had a bunch of batters in his yard practice. "One fair swing in all you get," said the manager. "That's all you get in a ball game."

JIM COFFEY and JOE COX HAD A BATTLE THE OTHER NIGHT. THERE WAS NOTHING MUCH TO IT EXCEPT THE FIGHTERS' EARNINGS. ENOUGH TO STAKE THEM A FEW MORE MEALS IN THE LEAGUE STYLE. AS PER USUAL, WITH MOST OF THE HEAVIES.

Another win for the Cactus club over the Mesilla Park collegians is pretty satisfactory evidence that the New Mexico team is not in the same class with the El Paso youngsters. The game went 18 to 15, which was not quite a repetition of the one sided affair staged here a few days ago. That was the only consolation feature, insofar as the College fellows are concerned.

To get back to the College fellows of New Mexico, who dangle in the City Baseball League, they aren't a bad bunch of citizens, at that. They never put up anything but a clean and sportsmanlike game. They have been unfortunate enough to lack the material to combat successfully with the City.

CITY BASKETEER FIVES READY TO SETTLE HONORS

RITCHIE MITCHELL WOULD CLAIM LIGHTS' CROWN

Now that Freddy Welch has made more or less of a joke of the lightweight kingdom of the world, who's the boss of the American light weights? Ritchie Mitchell, the Milwaukee marvel, has set up his claim. Of course it's being disputed and loudly by such boys as Benny Leonard, Joe Rivers, Charley White, Joe Weiling and a score of others. Incidentally most of the boys mentioned don't figure on striking within the well defined light weight limit of 135 pounds—they all want to weigh in around 125, 110, 100, let's see—But Nelson, Young Corbett, Jimmy Britt, Joe Gans and a few others might make 135. And Terry McGovern could do even less.

HAS CONFIDENCE IN THE BROWNS

Fielder Jones Believes He Can Make the St. Louis Americans Show.

New York, March 15.—Fielder Jones has a lot of confidence in his St. Louis Browns, and although, like most managers, he has declined to make predictions for them this year, he has bright hopes of leading them into a hot finish fight for position in the American league race.

Last year the most push of the Browns which lifted them into fourth place set the Mount City afire. St. Louis fans were wild while the Browns were on their rampage, and the fighting spirit that enabled them to battle their way into the first division, and finally finish in a good fifth, but six points behind the Yankees, had not been forgotten.

Baseball men in general are united in the belief that the American league race this year will be as hot as it was in 1916, and the Browns are going to fight for a first division finish. That they can win the pennant is doubtful, figuring on the class of the White Sox, Tigers, Red Sox and Yankees, but they have a chance, and it is always good to remember that stranger things have happened.

The problem Fielder Jones will probably spend the most time in trying to solve this spring will be with his infield. He has recruited new talent to bolster the Browns' inner circle, and if one of three players comes up to expectations the strength of Jones' club will be greatly increased.

It is more than likely that Jimmy Austin may decorate the bench most of the time this summer if Gene Paulette proves himself capable of holding down an infield job. Paulette is a first baseman, secured from the Memphis club of the Southern association, and Jones plans to play him on the initial sack and use George Siskler elsewhere on the infield, which will no doubt force Austin into the background if the plan works out. Siskler is the most versatile player in baseball club of the Southern association, and he stars anywhere they put him, and Jones is confident that he can depend on this Siskler to play third in Austin's place.

OREGON COACH SIGNS; TEACH FOOTBALL ONLY

Eugene, Ore., March 15.—Coach Hugo Bezdek, who built up the University of Oregon football machine that the best of the University of Pennsylvania team at Pasadena New Year's day, has been rehired by the Athletic council of Oregon to coach the football team. In previous years Bezdek had charge of all athletics during the school year. Under the new arrangement he will coach the football team for three months, and for this service will receive \$3,000 from the student body and salary from the university. His former salary was \$2,500 for the entire year. The change was made in order to allow the coach to attend Chicago university, where he will resume his medical studies.

Cactus and First National Quintets Play Off Tie on Wednesday.

BEST CONTEST OF SEASON PREDICTED

THE climax of the City league basketball season is slated for Wednesday night when the Cactus club and First National basketball quintet will fight it out on the "X" floor for championship honors. To date, each team has lost but one game and has eight wins to balance the won column. The 48 to 18 victory of the Cactus club five a few nights ago, over the A. & M. college at Mesilla Park, served to put the Cactusmen on an even footing with the Bankers.

There is every reason to believe that the Wednesday night game is not alone going to be a croaker, from every view point, but it is not improbable, too, that it will be one of the hardest fought contests of the season in the "X" floor. It is going to be hard fought because neither the Cactus club nor the National Bankers are willing to forfeit their rights to the City league championship, and because it is a hard proposition to give any definite edge which would throw favors one way or another.

If the Cactus crowd can put up the scrap which the Mesilla collegians had to back up against in the first of the two clashes between the two teams last week, then Demar Bowman and his warriors are going to come through the season as champions. But, then too, it will probably take such a snappy showing on the part of the Cactus group to win from the Bankers.

Two First National men are especially worth being watched, if avoided, whichever way the ball goes when the championship game is staged. One is the forward who will have to be guarded more closely than the ordinary player, for he can shoot from the net and the center of the floor. And he has been seen to be quite accurate in his shooting.

Getting back to the Bowman crowd, Demar is one of the bunks who will give the Bankers a run for their cash. Bowman has a loose from much of his individual playing. It means that the Cactusmen will have to be extra alert to work into play, and naturally enough, better results.

In Curley Bowman, Demar has a good running mate. Adkins is a team has a big brace. Adkins is not alone a good man in the center ring, but he can get the ball and handle it after.

The basketball fans are bound to see a croakerjack of a game. There may not be a great deal of real fighting points, by either side, but there will be a hard struggle of the season to determine which shall be hailed as champions.

One game remains to be played in the City league, and that game is the one slated for Wednesday night. Either the Bankers or the Cactus will land a record point. That will leave the Mesilla collegians in third place with a percentage of .667. The High school failed to get the 500 mark and go down to the Shelton-Payne quintet with four games won and six lost, with a percentage of .333. The Acme Laundry stands 150 with two wins and seven losses, while the Shelton-Payne quintet failed to win a single game, although they played nine.
